As you all know our mum was a wonderful, intelligent and caring person who touched so many people's lives, which is clearly shown by all of you here today. We would like to thank you all for coming not just today but every day.

We truly believe that mum wouldn't have lasted as long or been as upbeat as she was without the love, company and support that so many showed her throughout her illness.

We ask you to please enjoy this celebration of her life, and remember all the amazing memories you have of her as we know she would have wanted.

There are so many people that we would like to thank for being there for mum as well as us during these difficult times and who we are sure will continue to be there in the future. To all those friends and family who we are referring to (you know who you are) we would just like to say we couldn't have done it without you.

We would also like to thank both of our Uncles Jim and Steve, along with Karen who went above and beyond every day. Not only to help mum, but to assist and support us in any way they could. Without your support and the support of so many others we don't know how we would have possibly dealt with everything that has happened.

Everyone is always saying how proud mum would be of us, but I think she would be just as proud of how so many of you have been and continue to be there for us. Nothing could ever replace our mum, but the wealth of amazing support from friends and family that she has left behind for us goes a little way to try. We know she cared for all of you deeply, as do we and we can never thank you enough for the things you have done.

We would also like to welcome everyone to the Crown at Playhatch after the service to raise a glass and to share happy memories of a truly remarkable woman.
